

Compensation

We've made it extremely easy for you to track how much you'll earn on Knowt. Simply go to your profile on Knowt (on web or mobile) and you'll see a chart that will show you your views, likes, and revenue on a month-to-month basis. Being able to see this data also gives you a unique insight into how your notes are doing and will allow you to focus on improving certain areas over others. This is very valuable since you earn money solely based on the number of Note Views, Note Likes, Quiz Views, and Quiz Likes received. **One important thing to note is that since users have to create an account to "like" something and take quizzes, you will receive higher compensation for Quiz Views and Quiz Likes!**

For the beginning of the program we will be paying double per view as a bonus for joining early! You can earn on average of \$5 per note you share.*

At the end of each month, we will compensate you via Venmo or through another preferred method. To receive the initial payment, *we will ask you to fill out and attach a W-9. If you earn more than \$600 we'll then send you a 1099 form at the end of the year.*

**KnowtTaker average compensation is n an estimation and your actual payment might be greater or less depending on how your note performs.*
